

## QUALITY SPECIFICATION

1. Product name : Horus ESP Complex-B
2. INCI name : Water, Alcohol, Butylene Glycol, Rice Ferment Filtrate (Sake), Pyrrolidinyl Diaminopyrimidine Oxide, Hydrolyzed Swiftlet Nest Extract, Placental Protein, sh-Oligopeptide-1, sh-Polypeptide-3, sh-Polypeptide-11
3. Specification

Item		Limit	Test method
Description		Colorless to light yellow liquid, slight characteristic odor	JSQI General Notices
pH		6.0~8.0	JSQI 56
Purity	Heavy metal	20 ppm or less	JSQI 33 (Method-2, 1.0g, Standard lead solution 2.0mL)
	Arsenic	2 ppm or less	JSQI 58 (Method-3, 1.0g)
Residue on ignition		1.0 % or less	JSQI 19 (Method-1, 2g)
Quantitation	Pyrrolidinyl Diaminopyrimidine Oxide	1.4 % or more	Manufacturer's specification [ Liquid chromatography ]
	Nitrogen	0.4 % or more	JSQI 45 (Method-1)
Total aerobic microbial count		100 CFU/g or less	JP 4.05

JSQI: The Japanese Standards of Quasi-Drug Ingredients  
 JP: Japanese Pharmacopoeia

#### 4. Remarks

- Definition : This product is a premix material of ingredients based on the concept of hair health.
- Product applications : Cosmetics
- Expiration date (Unopened) : 1 year after manufacturing date
